

MS PROJECT MANAGEMENT

The 2-years MS-Project Management (MSPM) 30-CH program is developed to contribute towards meeting the rapidly growing demand in Pakistan for competent, motivated and qualified graduates with rigorous institutionalized project management training and research. MSPM is an evening program on week days.

The MSPM program's graduates will be equipped with all the project management knowledge they need in order to professionally and administer projects in Pakistan in the private or public-sectors, in development fields and in the non-government sector. Special emphasis is accorded to developing, their analytical, creative skills, communication, leadership and inter-personal skills and providing them with a holistic perspective of project management. It is 18-year HEC recognized degree. Course taught by experienced PhD faculty. The program has started in Spring 2014 with 2 annual intakes in spring and fall semester.
