

LEOPARDSHIP - NATIONAL YOUTH LEADERSHIP EXPEDITION 3.0

Welcome to the **Leopardship Journey – Two Day Expedition & Continuing Engagement Beyond the Expedition**, an immersive experience set against the backdrop of Margalla Hills in Islamabad. Leopardship, a fusion of “Leopards” and “Leadership”, symbolizes the indomitable spirit of these young individuals – Whom we affectionately call Leopards. Leopardship becomes more than a leadership program. It’s a journey of self-discovery, resilience building, and fostering a spirit of adaptability among the youth.

Mission: Our mission is clear to unlock the potential of every participant, where each participant (individual/small group) ideates, designs, and matures an entrepreneurial project through the Leadership Platform.

Join us in this exhilarating venture, where 500 Leopards will explore, learn and collaborate, creating a community that extends beyond the bounds of Margalla Hills, reaching into the heart of positive change.

Beyond Boundaries: The two day expedition, slated for 20th and 21st April 2024, transcends the limitations of conventional leadership program. It’s a commitment to go beyond the ordinary, to discover the wilderness within. More than an event, Leadership is a catalyst for lifelong transformations.
